How to Gain Guest Access
Adobe Acrobat Connect Pro

**Step 1:** Visit the URL provided by the host. For example:

https://gomeet.itap.purdue.edu/ex101/

**Step 2:** Make sure “Enter as a Guest” is selected

(circled in red in the example to the right)

**Step 3:** Enter your name in the text box and then click “Enter Room"

(highlighted in red in the example to the right)

**Step 4:** Dependent upon the meeting room settings, the host may have to accept you into the meeting. If so, the screen seen below will be displayed. Please be patient as they grant you access into the room.

(It will list the name of the meeting you are trying to join)

**Step 5:** If the room allows guest access, you will be taken directly into the meeting room.
