The A-Maize-ing Popcorn ADVENTURE provides information about the history, production and nutrition of popcorn, one of the top snack foods in the United States. From learning why popcorn pops to what country consumes the most popcorn...

Guided by Professor Paige Popcorn, seven-year old Max and his best pal Munch take a journey around a maze to learn fun and historical facts about popcorn.

ENTER the maze to see where you go
FIND five types of corn that maybe you'll grow
SEE where the first popcorn machine showed
SPIN a drum to watch a kernel explode!
