Crop Science Minor (CRPS)

Students majoring in the Department of Agronomy cannot obtain a Crop Science minor. To complete a minor in Crop Science, one must earn 18 credits. Listed below are the requirements:

1. Required courses (6 credits)
   - AGRY 105 (3) Crop Production  \textbf{-or-} AGRY 375 Crop Production Systems
   - AGRY 255 (3) Soil Science
   - NRES 255

2. Minimum of 12 credit hours from the list below:
   - AGRY 105 (3) Crop Production or AGRY 375 Crop Production Systems
   - AGRY 204 (1-2) Crop and Weed Identification
   - AGRY 320 (3) Genetics
   - AGRY 321 (1) Genetics Laboratory
   - AGRY 365 (3) Soil Fertility
   - AGRY 480 (3) Plant Genetics
   - AGRY 505 (3) Forage Management
   - AGRY 515 (3) Plant Mineral Nutrition
   - AGRY 520 (3) Principles and Methods of Plant Breeding
   - AGRY 525 (3) Crop Physiology and Ecology  \textbf{-or-} HORT 301 Plant Physiology
   - BTNY 301 (3) Introductory Plant Pathology
   - BTNY 304 (3) Introductory Weed Science
   - BTNY 350 (3) HORT 350 Biotechnology in Agriculture
   - ENTM 206 (2) General Entomology
   - ENTM 207 (1) General Entomology Laboratory
