ANIMAL SCIENCES MENTORS

Students helping students to make the best of their experience at Purdue.

HOW CAN WE HELP YOU?

- We are trained to help **YOU** utilize resources here on campus.
- We want to make **YOUR** transition to college the best it can be.
- We want to help answer **YOUR** questions.
- We want to meet with **YOU** and personally be your guide to all things Purdue.

MORE ABOUT US...

As mentors, we want to give back to the students in the Animal Sciences Department. Our program is flexible and we work with students on a personal basis. We want to encourage students to get involved on campus while finding a balance between school and fun.

Each student will be matched with a Mentor to help them with new study techniques and provide tips on excelling in difficult freshmen courses. Most of all, we want to pass on all of the things we have learned while at Purdue; we have taken your classes and have been in your shoes. Who is better to help you than someone who has been where you are? Please feel free to contact us with questions.

ABOUT THE MENTORS

We are a program made up of a select group of students that matches mentor to student. We want to help you make the most of Purdue, academically and socially.

IMPORTANT DATES

- If you want to be matched with a Mentor before classes begin contact us by Sunday July 1st
- Or just come to our ice cream social on Thursday August 23rd, email Sarah for more information.
