

## CO-ALLIANCE<sup>®</sup>

# Field Scout Job Description

**Job Title: Field Scout**  
**Department: Agronomy**

**Reports: Field Scout Coordinator**  
**Classification: Non-Exempt**

**Summary:** Field Scouts inspect fields for weeds, insects, diseases, and other observations. These observations are then communicated back to the Co-Alliance team. Field Scouts play an important role in the services offered by Co-Alliance to make timely, informed, and economical decisions.

### Essential Job Functions

- Write scouting reports that identify weeds, insects, diseases, and growth stages
- Report observations to coordinators
- Fly Drones across fields to scout acres, predict crop stands, and gather data (selected individuals)
- Collect tissue samples

### Environment

- 100% travel in territory
- 100% in fields
- Flexible work schedule

### Required Experience

- Ability to work outdoors for extended periods of time and under all weather conditions
- Above average organizational skills, ability to understand new concepts and learn quickly, complete work with little or no supervision in a timely manner, and self-motivated
- Education includes (but not limited to) students or graduates from a university or college agricultural programs, or other educations who are genuinely interested in working in the agricultural community
- An agronomy background is advantageous but not necessary
- Must have a valid driver's license, good driving record, and a reliable vehicle
- Ability to use an iPad, GPS software, and field scouting equipment

### Build Your Agronomy Career with Co-Alliance

- Learn and develop agronomic knowledge that will provide a solid foundation in the ag industry
- Gain experience using ag technology through reporting agronomic insights with Sky Reporting System
- Build your professional network by interacting directly with Co-Alliance employees

### Compensation

- Starting pay \$12.00 an hour
- Mileage reimbursement
- End of summer bonus
- Gain your drone license through Co-Alliance
