FEATURING: DR. MICHAEL LANGEMEIER, DIRECTOR CENTER FOR COMMERCIAL AGRICULTURE

The election decision deadline for the 2026 crop is December 11, 2026. Producers will be choosing between one of the program options: PLC, ARC-CO, and ARC-IC. The PLC and ARC-CO enrollments are made at the FSA farm commodity level, so you can mix and match these programs on different FSA farms. ARC-IC is at the FSA farm level.

This webinar will briefly discuss the pros and cons associated with each option and offer time for Q & A.
