

### Generation and Configuration of Businesses

The May results are in – 27% of family businesses have only one generation involved, 64% have two generations involved, and 9% have three generations involved. Only 10% of responding businesses were sibling partnerships; the remainder were configured as owner-managed. As always, we will continue to post resources and webinars for farm, family, and small businesses to our [PIFB Homepage](#) and our [Upcoming Events page](#) as they become available.

How many generations are involved in your business?
