

Purdue Agronomy Club

Who are we: Students with a passion for Agronomy and the Agriculture industry. Many of our members have farming backgrounds, some aren't majoring in agriculture at all. Anyone interested in Agronomy is welcome to join!

What we do: We are a very active club. Our weekly meetings are composed of business and/or speakers, tours and activities. The business matters may be planning for national or regional meetings, outreach activities or our monthly work sessions. Work sessions include preparing teaching aids for outreach educational programs, FFA, 4-H, Scouts, and other educational institutions.

Service Projects: We host High School/middle school Soil and Crops Invitational contests/CDEs. We provide educational activities and give away popped corn at Purdue's Annual Spring Fest and Ag Week. We serve at the Ag Alumni Fish Fry. We participate in local food and clothing drives and adopt children for Christmas gift giving. This past couple of Valentine's Days we made and distributed cards and flowers at the Indiana Veterans Home. As part of SASES we perform community service projects at regional and national meetings and compete in various competitions with other land grant colleges in the nation.

How to Join: Come to our meetings!! Regular meetings are Wednesdays starting at 5:45 in Lilly Hall. Check the schedule to insure place or program for the weekly meeting. Our dues are \$27.00 per year which includes membership in the national affiliate of the Students of Agronomy Soils and Environmental Science (SASES).

- Why Join:**
-  Your membership in SASES provides professional, leadership and networking opportunities.
 -  You are involved and learn about the Agronomy, the Agronomy Department and its members.
 -  You can travel locally and nationally.
 -  You meet & get to know fellow Agronomy classmates and enthusiasts who become lifelong friends.
