**SUMMER 2022**

**CROP DIAGNOSTIC TRAINING & RESEARCH CENTER**

**Purdue University**
WHY CHOOSE DTC?

The Purdue University Crop Diagnostic Training and Research Center is known across the Midwest for its unique hands-on approach for teaching the art and science of accurately diagnosing agricultural crop problems. The Center is designed to provide informative topics in a real world environment, where agriculturalists can sharpen their crop problem trouble-shooting skills and evaluate new and alternative management strategies.

Training workshops are valuable for individuals identifying insect, nematode, herbicide, soil fertility and disease problems in corn, soybean, forages and small grains. These workshops also provide pertinent information on interacting factors (nutrient, pest and environmental stresses) that impact crop growth and development.

The long term goal of the Center is to provide quality, state-of-the-art training in all aspects of crop production and management.

---

Continuing Education

All workshop participants will be awarded:
- Continuing Education Units* (CEUs) for Certified Crop Advisers (and/or)
- Continuing Certification Hours (CCHs) for Indiana Commercial Pesticide Applicators

Topics covered will determine the categories and hours awarded.

*CEUs offered are applicable only to the ASA/CCA Continuing Education Program.

Start Times / Enrollment

Start times may vary. Refer to the individual agendas located on the DTC website for exact times.
- Most workshop check-ins will open at 8:00 AM (EST) with workshops beginning by 8:30 AM and concluding by 4:30 PM.

Due to the hands on nature of these workshops, enrollment is limited. To ensure enrollment, register via the online link or enclose registration fees with the attached form. In the event of over-enrollment, priority will be given to paid registrants.

Refunds / Cancellations

Should it be necessary to cancel a workshop, registered participants will receive a full refund.
- If such a cancellation occurs, Purdue DTC will email notice to participants one week prior to the event.

Written requests for refunds received one week prior to a workshop date will be honored in full.

Purdue University is not responsible for any expenses incurred by the registrant.
