Fall 2024

Opportunities in Animal Sciences—Behavior/Well-being: Students desiring a balance of animal production, behavioral sciences, and well-being are best served by this option. Careers are available as managers of animal production units (e.g., beef cow-calf or feed lot manager, flock supervisor, or swine manager). Limited career opportunities may be available as an animal trainer, zoo environment enhancement specialist, companion animal consultants, breed association animal well-being specialist, and pet safety education specialist for a humane society. Those students interested in advanced studies could become animal behavior consultants or scientists at universities.

- Minimum number of credits required for graduation is 120. For ASCI majors, all ANSC courses must be taken for a grade except for ANSC 29300/49300. Cumulative GPA for ANSC courses must be ≥ 2.00 to graduate. All ANSC courses taken for a grade will be part of the ANSC index regardless of whether it can be used in the plan of study. A minimum of 32 credits must be 30000+ level taken at Purdue University or its regional campuses. If credit from another university is transferred to Purdue and posted as 30000+, it does not count toward the 30000-level requirement. The following are not applicable as credit toward graduation: CHM 10000; ENGL 10000, 10900; ENGR 19100, 19200, 19300; MA 11100, 12300, 13300, 13400, 15100, 15500; PHYS 14900; STAT 11300, 11400; and all General Studies courses except GS 1000 or 49000 (Discovery Park Undergraduate Research). Of MA 15200, 15300, 15400, and 15800, only one course can be used as an elective.
- All ASCI students classified as 01 are required to take AGR 10100 and AGR 11400. ASCI students classified as 01 or 02 are required to take ANSC 18100. Transfer students are not required to take AGR 10100/AGR 11400 or ANSC 18100. ASCI majors classified as 01-04 are required to establish credit in ANSC 10200.
- At least 15 credit hours are needed to satisfy the Social Sciences and Humanities requirement. A minimum of 3 credits must be 30000+ level and a minimum of 9 credits must be from outside the College of Agriculture. Economics Selective options are listed below. Note that either AGECEC 21700 or ECON 21000 can be used in the plan of study, but not both. A full list of Humanities and Social Science options (including courses that can also be used to fulfill Multicultural Awareness and International Understanding requirements) can be found on the Ag Core Courses spreadsheet. See <https://ag.purdue.edu/departments/oap/docs/coa-chss-courses-protected.xlsx> or your advisor for more information.

Economics Selective Options:

AGEC 20300 (3) Intro Microeconomics for Food and Agribusiness	ECON 25100 (3) Microeconomics
AGEC 20400 (3) Intro to Resource Economics and Environmental Policy	ECON 25200 (3) Macroeconomics
AGEC 21700 (3) Economics	ECON 21000 (3) Principles of Economics

- Both CHM 11200 and 11600 cannot be used for credit. When CHM 11100, 11200 and 11600 are taken, only seven credits count towards graduation. If CHM 11100, 11500 and 11600 are taken, CHM 11100 cannot be used for credit.
- Maximum of 1 class in STAT 30100, 35000, 50100 and a maximum of 1 class in 50300 and 51100.
- Behavior/Well-being Selectives. A minimum of 15 credits required: ANSC 30300 (3), PSY 12000 (3), and 9 credits from list below.

ANSC 49100/49300 (1-3) Behavior/Well-being Topic	PHIL 27000 (3) Biomedical Ethics
ANTH 23500 (3) The Great Apes	PHIL 28000 (3) Ethics and Animals
ANTH 33500 (3) Primate Behavior	PHIL 29000 (3) Environmental Ethics
ANTH 53600 (3) Primate Ecology and Conservation	PSY 20000 (3) Introduction to Cognitive Psychology
BIOL 28600 (2) Introduction to Ecology and Evolution	PSY 22000 (3) Brain Behavior Introduction
BIOL 58705 (3) Animal Communication	PSY 22200 (3) Introduction to Behavioral Neuroscience
BIOL 59300 (3) Evolution of Behavior	PSY 32200 (3) Neuroscience of Motivated Behavior
CPB 48000 (2) Small Animal Welfare & Human Animal Interaction	PSY 42200 (3) Genes and Behavior
PHIL 15000 (3) Principles of Logic	PSY 42900 (3) Hormones and Behavior
PHIL 22100 (3) Introduction to Philosophy of Science	

- Animal Sciences Restricted Selectives. Students are required to complete **10 credits** from a minimum of **three** of the following disciplines.

Behavior/Welfare (Required)	Genetics	Nutrition	Physiology	Production/Mgmt	Products	Reproduction
ANSC 33100 (3)	AGRY 32000 (3)	ANSC 32500 (2)	ANSC 33200 (2)	ANSC 44000 (3)	ANSC 30100 (2)	ANSC 42500 (2)
ANSC 50500 (3)	AGRY 32100 (1)	ANSC 32600 (2)	ANSC 41500 (3)	ANSC 44100 (3)	ANSC 35100 (3)	ANSC 42600 (2)
	ANSC 51300 (3)	ANSC 52200 (3)	ANSC 53700 (3)	ANSC 44200 (3)	ANSC 35101 (1)	ANSC 53400 (3)
	ANSC 51600 (3)	ANSC 52400 (3)	ANSC 55500 (3)	ANSC 44300 (3)	ANSC 36000 (3)	
	BIOL 41500 (3)			ANSC 44400 (3)	ANSC 55200 (3)	
				ANSC 44500 (3)	ANSC 55500 (3)	
				ANSC 44600 (3)		

- Recommended: ANSC 49100/ANSC 49300. Combination of 37000, 37100, 37200, 47000, 47100 and 47200 cannot exceed 3 credits.
- Multicultural Awareness Requirement: This requirement should be met by taking an appropriate course from the multicultural awareness selective list.
- International Understanding Requirement: A minimum of 9 credits may be taken from the International Understanding list, equivalent study abroad programs, international work experiences or international travel course. Courses that satisfy international understanding criteria can be used anywhere in the plan of study.
- Capstone experience: ANSC 48100 plus one course from production/management block (ANSC 44000-44600).
