

BALE GRAZING

Livestock folks: Bale Grazing can help you keep your animals on pasture for more of the year; deal with drought; and renovate your pastures. Attend one or both:

- October 5th, 10am-3pm - Madison, IN.
Meet at Jefferson County fairgrounds.
- October 6th, 10am-3pm - Dubois, IN.
Meet at SIPAC.

FREE WORKSHOP:

- How-to workshop with Greg Halich, Forage Systems Economist from University of Kentucky
- Insights from graziers who use bale grazing in southern Indiana
- Free lunch
- Pasture walk to see how graziers set up their bale grazing, and the results it can have for pastures and livestock

Brought to you by:
