

A Cause for Concern
Pre/Post Survey
Answer Key

1. What are two reasons for hellbender decline?
Habitat destruction **Disease and injury** Adaptation
2. State agencies like the DNR often partner with Universities so that Universities can provide _____.
Research Funding Volunteers
3. Universities often partner with state agencies like the DNR so that the state agencies can provide _____ and _____.
Research **Funding** **Volunteers**
4. Adult hellbenders breathe through _____.
Their lungs Gills **Their skin**
5. Hellbenders need high levels of _____ in the water to survive.
Dissolved oxygen Sedimentation Runoff
6. I feel _____ ready to learn.
Not **Sort of** **Very – no right answer**

A Cause for Concern Pre/Post Survey

Number: _____ **Pre or Post** _____

1. What are two reasons for hellbender decline?

Habitat destruction Disease and injury Adaptation

2. State agencies like the DNR often partner with Universities so that Universities can provide _____.

Research Funding Volunteers

3. Universities often partner with state agencies like the DNR so that the state agencies can provide _____ and _____.

Research Funding Volunteers

4. Adult hellbenders breathe through _____.

Their lungs Gills Their skin

5. Hellbenders need high levels of _____ in the water to survive.

Dissolved oxygen Sedimentation Runoff

6. I feel _____ ready to learn.

Not Sort of Very
