

*1999 Purdue Log
Supplement*

This year, the staff of *The Purdue Log* brings you *The Twig*, a supplement designed to tie up some loose ends. By the time the alumni newsletter went out, the yearbook was in print, so we thought this would be a good way to recognize all of our supporters. Sometimes in the shuffle, pictures are overlooked and left out, so this also provides us with an opportunity to publish those things. So, I hope you enjoy this new addition to the Purdue Log tradition.
