

THE UNIVERSITY *of* NORTH CAROLINA WILMINGTON

Position # 376

The Department of Environmental Sciences at the University of North Carolina Wilmington seeks a **full-time lecturer** who will be responsible for **teaching four environmental science courses per semester**. Courses taught may vary over time but will include *Introduction to Environmental Sciences* (EVS 195), *Global Environmental Issues* (EVS 205), and *Career Preparation and Networking in Environmental Sciences* (EVS 295), in person and online. Lecturers also participate in service to the department, college, and the university. This a non-remote position. The candidate will work in a collaborative interdisciplinary academic setting.

Candidates must hold at least a Master of Science or equivalent degree in environmental science or a related discipline by their appointment date. Preference will be given to candidates with expertise teaching at the college level in the scientific and social dimensions of the environmental sciences. Preferred qualifications also include a strong commitment to innovation in teaching. Candidates with previous teaching experience in-person and online are encouraged to apply.

The Department of Environmental Sciences focuses on the relationships among the social, physical, chemical, and biological aspects of the natural and built environments. The department offers an interdisciplinary curriculum, drawing upon the resources of many related fields to provide the rigorous analysis necessary to understand environmental problems and formulate environmentally-sound solutions. Our curriculum inspires students to become active and engaged environmental stewards.

The University of North Carolina Wilmington, the state's coastal university, is dedicated to the integration of teaching, mentoring, research and service. Widely acknowledged for its world-class faculty and staff and continuously recognized at a national level for scholarly excellence and affordability, UNCW offers a powerful academic experience that stimulates creative inquiry and critical thinking and a community rich in diversity, inclusion and global perspectives.

Applications must be submitted at <https://jobs.uncw.edu/> by **11:59 PM Eastern Standard Time (EST) on January 2, 2025** (the posting close date). The application package includes a cover letter, CV, and a teaching philosophy. Please direct questions concerning the search to Dr. Monica Rother, Chair of the Search Committee, at rotherm@uncw.edu. For questions regarding the online application process, contact Ms. Suzanne Mullins at mullinss@uncw.edu.

At UNCW, our culture reflects our values of inclusion, diversity, globalization, ethics and integrity and innovation and we are committed to providing equality of educational and employment opportunity for all persons without regard to race, sex (such as gender, gender identity, marital status, childbirth, and pregnancy), age, color, national origin (including ethnicity), religion, disability, sexual orientation, political affiliation, veteran status, military service member status, genetic information, or relationship to other university constituents – except where sex, age, or ability represent bona fide educational or occupational qualifications or where marital status is a statutorily established eligibility criterion for State funded employee benefit programs. UNCW believes that embracing the unique contributions of our faculty, staff and students is critical to our success and paramount in being recognized for our global mindset.
