Who we are:

Did you know Ohio operates 76 state parks, manages over 750,000 acres of diverse wildlife land and more than 2 million acres of water? That's just the tip of the iceberg of what we do at the Ohio Department of Natural Resources (ODNR) as we seek to ensure a balance between wise use and protection of our natural resources for the benefit of all!

Across our 12 divisions and support services, we employ office staff, law enforcement officers, geologists, biologists, engineers, attorneys, communicators, managers, and so much more. Whatever your passion, we likely have a position to fit it and pathways for advancement!

Working at ODNR is a special experience. Our employees are afforded opportunities to participate in public events at parks, nature preserves, wildlife areas, and annually at the Natural Resources Park at the Ohio State Fair! We routinely have Lunch and Learn events at our Assembly Center which are streamed on Teams Live as are monthly updates with our Director.
