We currently have an opening for a Wildlife Biologist at the Naval Air Station Patuxent River (NAS PAX) in Maryland. This position will work as a team with a Wildlife Specialist to alleviate aviation human health and safety concerns that arise while supporting the missions of the U.S. Navy and Marine Corps. NAS PAX is located in a semi-rural area in St. Mary's County minutes away from many amenities in the towns of California and Lexington Park. Located at the mouth of the Patuxent River, it has waterfront boundaries with the river and the Chesapeake Bay and is minutes away from the Potomac River. The area offers opportunities for outdoor enthusiasts within close proximity, including numerous public access areas for hunting, fishing, boating, hiking, etc. NAS PAX is also within a two hour drive of Washington, DC, Arlington and Alexandria, Virginia, as well as Baltimore, Maryland for those who enjoy a taste of big city life, offering National Parks, Monuments and Historic Sites, fine dining, shopping, music, and numerous professional sports teams. WS has provided fulltime BASH service at NAS PAX since FY11 under the WS AWHP program.
