

CEA STUDY + INTERNSHIP

DUBLIN, IRELAND

CEA Callout:
September 20 at 10:30 AM
AGAD 121D

DATES

Summer 2020 June/ July 8-Week

ABOUT THE PROGRAM

Build marketable skills while gaining résumé-boosting experience in a city that's home to thousands of international companies. The Study + Internship program in Dublin allows you to make steady progress toward your academic degree while developing practical skills in fields such as marketing, management, finance, hospitality, and more. The program incorporates a professional internship placement into your semester or summer study program. Our strong academic focus, personalized placements dedicated to meaningful experiences that make a real impact allow you to take care of those degree requirements and give your career a boost all while gaining the international experience you've been seeking.

PROGRAM STRUCTURE

The placement process involves three video interviews: a screening interview with your Internship Specialist, a job placement interview with your study center placement coordinator, and a final interview with your host site supervisor. The host site retains the final decision regarding placements, so it's important that your interviews reflect your maturity, adaptability, curiosity, and commitment to both your career interests and the host organization. Upon successfully completing your study center placement coordinator interview, CEA guarantees you a placement based on the personal, professional, and cross-cultural goals reflected in your interview. All placements will be secured two weeks prior to arrival. Upon placement, you'll automatically be enrolled in your internship course. Prior to departure, you will be asked to also select your preferred courses. You will be enrolled into courses based on their availability. It is in your best interest to have multiple alternative courses approved by your home university prior to your departure due to course availabilities. Please consult with your academic advisor at your home university on credit pre-approval guidelines.

WHERE YOU'LL STUDY

Set on the downtown campus of our partner institution, the International School of Business, the CEA Dublin Center has a focus on active learning that takes you out of the classroom and into the city, where you'll enjoy first-hand encounters with local culture. This compelling, interactive learning environment offers courses in Liberal Arts and Business characterized by global perspective, small class sizes, and experienced faculty. Our partner institution, International School of Business, is located in the heart of Dublin and offers a dynamic, youthful campus experience. The school's focus on active learning and international students creates a vibrant, integrated setting in which to gain business education.

WHERE YOU'LL STAY

When you study abroad in Dublin, you can choose standard CEA housing—in a student residence apartment or homestay—or arrange your own independent housing. Assignments are based on availability and confirmation date; we make every effort to match your housing requests, but we can't guarantee housing preferences.
