Locations: Thessaloniki, Trikala, Athens

Estimated Cost: \$4200 includes airfare, accommodation, some meals, activities

Program Leaders: Ashley York & Dr. Alan Mathew
ashleyyork@purdue.edu | agmathew@purdue.edu

Callout: August 29, 2024 @ 12:00 pm in AGAD 128

Join us this Spring Break as we journey to Greece to learn about the agriculture, food, history and culture of this unique country, prominently situated in the culturally-important Mediterranean Basin that touches the continents of Europe, Asia and Africa. Our journey will begin in Thessaloniki where we will work closely with Perrotis College to learn about the region's animal production systems, olive, and olive oil production, and a variety of other agricultural practices. We will then journey to Meteora and Athens. This is sure to be an unforgettable, educational, stimulating and inspiring experience!
