Journey to stunning rural landscapes, historical charm, and flavorful cuisine on the western edge of Europe. Agriculture is a vital sector of the economy in Portugal ranging from wine, olives, tomatoes, pork, dairy and oranges. The climate, topography and soil conditions create diverse agriculture products. Visit a cork producer, organic farm, NGO and an olive grove. Explore key attractions, a fortified village and take a boat ride. This program is a unique glimpse of Portuguese culture, history and agriculture.
