

GREECE

SPRING BREAK

DISCOVERING AGRICULTURE,
FOOD, HISTORY, AND CULTURE

Dates: March 13-22, 2026

Credits: ANSC 49500 - 2 Credits

Locations: Thessaloniki, Ioannina, Pozar, Trikala, Athens

Estimated Cost: \$4000, includes airfare, accommodation, some meals, activities, transportation

Program Leaders: Ashley York
(ashley.york@purdue.edu) &
Dr. Alan Mathew (agmathew@purdue.edu)

Callout: Sept 4, 2025 @ 5:30 pm CRTN 1042

Join us this Spring Break as we journey to Greece to learn about the agriculture, food, history and culture of this unique country, prominently situated in the culturally-important Mediterranean Basin that touches the continents of Europe, Asia and Africa. Our journey will begin in Thessaloniki where we will work closely with Perrotis College to learn about the region's animal production systems, honey production, olive oil production, and a variety of other agricultural practices. We will then journey to Meteora and Athens. This is sure to be an unforgettable, educational, stimulating and inspiring experience!
