

TANZANIA

SPRING BREAK

REGULATORY SCIENCE IN TANZANIA

Dates: March 14-21, 2026

Credits: ABE 495 or ABE 591 - 1 Credit

Locations: Arusha region, Ngorongoro Conservation Area, Serengeti National Park

Estimated Cost: \$3860 includes 5 day safari, symposium, accommodation, meals, activities, transportation in country

Program Leaders: Kari Clase
(klclase@purdue.edu)

Prerequisite: ABE 226

Explore the rich culture and stunning biodiversity of Tanzania with our Spring Break study abroad program! This unique experience combines an on-campus course (ABE 327 or 453) with an unforgettable embedded travel component. You'll embark on an all-inclusive safari to the world-famous Ngorongoro Crater and Tarangire National Park. It's an incredible opportunity to earn academic credit while witnessing some of Africa's most breathtaking wildlife and landscapes firsthand.
