Corteva Agriscience invites undergraduate and graduate students, professors, department leaders, and career services professionals to join us for **Grow Your Future Day** a dynamic, full-day experience designed to inspire and connect the next generation of agricultural leaders.

As a global agriculture company, Corteva is committed to developing cutting-edge technologies that address the most pressing challenges in modern farming and contribute to global food security. This event is your opportunity to explore the agricultural industry, engage with professionals, and discover how you can make an impact.

What to Expect:

- **Explore Corteva's Core Functions**
 - Learn about our diverse teams—from Commercial and R&D to Supply Chain—and how they collaborate to drive innovation.
- **Hear Real Career Stories**
 - Gain insights from Corteva employees as they share their journeys, challenges, and advice on how to succeed in the industry.
- **Network over Lunch**
 - Connect with Corteva professionals and fellow attendees.
- **Tour our Research Facilities**
 - Visit our research facilities and see how we use cutting-edge technology and science to deliver solutions for farmers and consumers.
- **Engage with Interactive Demos**
 - Experience our products and services first-hand, interact with our demos and displays, and learn about internships and career opportunities.

How to Express Interest in Grow Your Future Day:

To express interest in this event, [please fill out this online form](#). Click 'Register' and complete all questions by **September 19, 2025**. If you are a student, be sure to upload your resume as part of the submission.
