## Service Technician

**Job Specifics:** Jenner Ag is looking for individuals with mechanical knowledge and a drive for success to join our team! As a growing company, we are always interested in connecting with new people that have the same passion for agriculture and mechanics as we do. Our service techs are part of our team who help get farmers up and running.

Ideal candidates MUST have basic mechanical knowledge, must own some basic tools, possess a valid driver's license (CDL helpful but not required), and maintain a good driving record. Knowledge of hydraulics and schematics is recommended. Candidates must be willing to work beyond business hours considered to be normal. Candidates must use good judgment in business decisions, have a willingness to learn, and be willing to work as part of a team. If you have mechanical knowledge and are ready to learn, apply with us today!

### Rewards:

- Medical Benefits: Health, Dental and Vision
- Paid time off
- 401K Matching
- Bonus and Referral Programs

### RESPONSIBILITIES:

- Performing Pre-Delivery Inspections of New Equipment
- Prep New Equipment for Delivery to Customer Base
- Repair and Refurbish Used Equipment as Requested
- Perform Diagnostics on Diesel Engines, including New Tier 4 Technology
- Ability and willingness to learn Diagnostics using Laptops Tablets and Computers Working with AG Precision Equipment: including, installing, diagnosing, and repairing. Some welding and fabricating will be required for the job.

**About Us:** Jenner Ag has been in business for over 60 years and is a leader in the application and ag industries. Today we have almost 100 associates and continue to develop quality partnerships built on brand loyalty, trust, and service that is second to none. Servicing customers in Illinois and Indiana, our main focus is to supply the right combination of technology, service, and support to grow their business. We have three locations within Illinois - our headquarters in Harristown focuses on application equipment; our Taylorville store supplies ag and lawn & garden equipment, and our Fairbury location specializes in precision ag technology. We have remote Field Service Technicians throughout Illinois and Indiana, so our footprint is pretty big!

We offer a competitive compensation benefits package including health, dental, and vision insurance, matching 401K, matching HSA plan, paid time off, bonus, and referral programs. In addition, our Service Technician positions offer overtime, compensation for all revenue billed, and a flexible schedule.

Jenner Ag participates in The Great Game of Business ([www.ggob.com](http://www.ggob.com)), which is an open book management style that involves all employees in forecasting our financials and working together to reach our goals. This creates a sense of ownership, so employees think and act like owners. If the company and employee both meet the goals set, then there are quarterly bonuses as well as a profit share into their 401K account. The Game also brings a fun atmosphere and really drives our culture.
