

ADDL- Student Pathology Technician

The necropsy floor currently has a few student positions open. Schedules are flexible with class schedules and no weekends are required. Possibility of continuing to work in fall and other semesters.

Responsibilities will include:

- Daily cleaning/sanitizing of necropsy floor, tables, lab equipment
- Replacing and diluting cleaning solutions
- Histology and tissue disposal
- Inventory
- Restocking

This position does offer the opportunity to observe necropsies.

Interested parties should contact Abby Props with a resume at aprops@purdue.edu

Thanks,

Savanna Harrison

Pathology Laboratory Technician

Animal Disease Diagnostics Lab - College of Veterinary Medicine
