Dairy Farm Intern (Herd Health)

Description: Poland Farms is a 2nd generation family-run Dairy Farm located in Boswell, IN (approximately 25 miles West of Purdue University campus). We milk approximately 325 cows using six (6) Lely A-4 Astronaut robotic milkers, as well as growing all of our forage inputs. We are a family farm operation that intends to treat and respect our employees like they are family, in a positive and friendly environment. Honesty and respect are the base of our values. We take great pride in our team and the work that we complete together.

Job Duties: We are seeking an individual to assist with daily operations, as well as, assisting in calf care, maternity cow care, animal vaccinations, sick cow identification & treatment at our modern Dairy Facility.

This can be a part-time position (10-20 hours / week) during the school year

Or

This can be a full-time / seasonal position (40-50 hours / week) during the Summer

Responsibilities:

Calf Care

- Demonstrate an ability to follow established protocols
- Demonstrate ability to perform proper hygienic care of newborn calves

Maternity Cow Care

- Demonstrate ability to follow established protocols
- Demonstrate ability to assist with birthings and transition cow management

Maternity Cow Care

- Demonstrate ability to follow established protocols
- Demonstrate ability to assist with vaccinating of adult cows & young stock

Sick Cow Identification & Treatment

- Demonstrate ability to follow established protocols
- Demonstrate ability to use computer records and visual assessment to identify animals needing supportive care

What We Offer:

- Competitive hourly pay (\$16.50 / hour) dependent upon qualifications and experience
- This position is a great opportunity to gain a background & skills in the management of the a dairy herd at a modern Dairy Facility
