Dairy Farm Operations Manager

Description: Poland Farms is a 2nd generation family-run Dairy Farm located in Boswell, IN (approximately 25 miles West of Purdue University campus). We milk approximately 325 cows using six (6) Lely A-4 Astronaut robotic milkers, as well as growing all of our forage inputs. We are a family farm operation that intends to treat and respect our employees like they are family, in a positive and friendly environment. Honesty and respect are the base of our values. We take great pride in our team and the work that we complete together.

Job Duties: We are seeking an individual to assist in managing the operation, as well as, equipment maintenance on a line of general agricultural equipment and Dairy Farm specific systems at our modern Dairy Facility. This will include diagnostic and maintenance tasks, and field work. Types of equipment will include harvesting machinery (including self-propelled forage harvester, mower conditioner, merger, and on / off-road trucks) as well as Dairy Facility specific equipment (including robotic milking equipment), ventilation systems, and manure transfer pumps.

This is a full-time (40-50 hours / week) position

Responsibilities:

Equipment Management

- Demonstrate an ability to perform proactive maintenance on all equipment
- Demonstrate ability to perform emergency repairs
- Demonstrate ability to perform Diagnostic testing to determine root cause of issue
- Demonstrate ability to perform Hydraulic System evaluation / diagnostics & repair
- Demonstrate ability to find solutions and implement them in a timely fashion
- Demonstrate ability to perform major engine diagnostics & repair in a timely fashion

Planning

- Demonstrate ability to plan crop rotation
- Demonstrate ability to perform hybrid selections
- Demonstrate ability to create & implement fertility plan
- Demonstrate ability to create & implement herbicide plan
- Demonstrate ability to manage cropping system / type of operation

Facility Maintenance

- Demonstrate ability to proactively monitor & repair buildings & manage equipment
- Demonstrate ability to proactively monitor & repair milking system and equipment
- Demonstrate ability to perform emergency diagnostics of equipment

What We Offer:

- Competitive hourly pay (\$40.00+ / hour) dependent upon qualifications and experience
- This position is a great opportunity to expand one's skills in the management of the varied systems included in the daily operation of a modern Dairy Facility
