

Job Summary:

The Agronomy Intern assists crop consultants, salespersons, and location managers in the administration of crop management programs, the development of customer relationships, day to day operations, and special projects or assignments. This seasonal position reports to the Location Manager and can be located at any of our Agronomy facilities in Indiana: Boonville, Chrisney, Dale, Evansville, Haubstadt, Huntingburg, Ireland, Mackey, Owensville Patoka, Petersburg, Richland, or St. Meinrad

Duties/Responsibilities:

- Assist with day-to-day operations
- Monitors assigned customer crops daily for crop condition and pests
- Interact directly with customers explaining crop diagnosis and solutions in a manner that is clear and accurate
- Conducts pre-application inspections of customer's fields and crops for pesticide and fungicides application recommendations
- Uses GPS tracking systems and computer software for identifying and recording field pest locations, and crop management information
- Assist in seed sales and marketing programs, which include the development of Superior Ag's seed demonstration plots and customer informational meetings
- Respond to assigned customer complaints on behalf of the Superior Ag's agronomy management
- Work closely with the Superior Ag's crops and integrated pest management teams in the development and maintenance of all agronomy programs
- Assists with record keeping and office support assignments
- Attends recommended crops diagnostic workshops
- During the internship period the intern will be expected to complete a project established between the intern and their supervisor, and to present the completed project to the management team at the completion of the internship period

Required Skills/Abilities/Education:

- Full-time registered student majoring in an agricultural discipline
- Meets work eligibility requirements of the Immigration and Naturalization Service and a permanent resident of the USA
- Valid driver's license
- Capable of performing the essential functions and duties outlined in the job description
- Favorable background checks results

Supervisory Responsibilities:

- None

Physical Requirements:

- Occasionally required to sit, climb, or balance and stoop, kneel, crouch, or crawl
- May occasionally lift/move up to 50 pounds.
- May occasionally be exposed to outside weather conditions: moderate heat and rain.
- May occasionally be exposed to dust, pollen, and other airborne particles
