

Summer Internship

Baillie Lumber Co. has several openings for summer internships at their various locations. Some locations include: Montezuma, IN, Galion, OH, Smyrna, NY, Titusville, PA, Leitchfield, KY, and Cove City, NC.

These locations are large concentration yards responsible for kiln drying hardwood lumber. The internship would consist of working and learning several different jobs around the yard.

This position would be paid and possibly provide housing assistance if needed.

Various jobs candidates would work or learn doing the summer include:

- Working with Kiln Operator learning kiln schedule and assisting him on his day to day routine
- Working with Lumber Inspectors learning how to grade lumber
- Working on a project that either reduces cost or increases production at the facility
- Filling in for various employees who are on vacation in the summer months

Interested candidates can submit their resume at www.baillie.com/careers or email Jeff Teplitsky, Corporate Recruiter, at jteplitsky@baillie.com.

Accepting applications through end of Spring Semester 2025.
