

Farm/Crop Insurance Sales Summer Intern 2026

Description

If you are interested in a challenging, rewarding internship with the writer of farm insurance in Indiana, **Indiana Farm Bureau Insurance** offers the right combination for an exciting learning opportunity!

Our formal summer internship program offers the best development experience possible:

- An introduction to the company from our executive leadership team
- Real-world hands-on experiences working with a team of experts
- Learn about the farm and crop insurance sales process.
- Opportunity to observe and shadow experienced farm agents.
- Participate in county and state-level farm marketing events.
- Learn to identify risks and hazards on farming operations.
- Learn and participate in the farm quoting process of farm insurance clients.
- Gain knowledge and experience of the crop insurance process.
- Effectively communicate decisions, recommendations, and job-related information to internal and external customers.
- Promote good working relationships with all Company divisions.

We are looking for undergraduate college students who are willing to dedicate 11 weeks to learning, growing, and developing professionally.

Why intern at Indiana Farm Bureau Insurance?

- We offer a robust, **paid** summer internship program!
- An iconic Indiana company that has protected Hoosiers since 1934. We are a leader in auto and homeowners insurance and the largest writer of farm insurance in the Hoosier state.
- An organization that values work/life balance in a collegial team-focused environment.
- A downtown location with **free parking**, a company **cafeteria**, and a **fitness center**.
- Training and development opportunities to grow personally and professionally.

Our ideal intern can:

- Provide our workforce with new and fresh ideas for doing business
- Take initiative on projects and daily responsibilities
- Communicate professionally with all levels within the organization
- Adapt to an ever-changing environment
- Work independently in an open environment
- Have experience or working knowledge of farming operations?
- Able to develop agriculture insurance knowledge to help clients?
