Default Question Block

Thank you for your interest in the research grant opportunity from the College of Agriculture. Please note that in order to complete this application, the student will need to attach their research proposal and a letter of recommendation from the faculty research sponsor. If the faculty mentor would rather send the letter anonymously, that can be emailed directly to cate@purdue.edu.

Fall deadline - October 1
Spring deadline - February 1

Faculty Email

Research Project Title

Have you received a CATE research grant in the past? If so when?

[   ]

Please cite all of your existing publications (if any)

[   ]

Please attach a research proposal and letter of recommendation from research sponsor. The research proposal should include a project description (including objectives, timeline) and deliverables. No more than 2 pages.

Student Proposal

Letter of Recommendation (Professor may email the letter directly to cate@purdue.edu if they desire)

Note: The College of Agriculture student makes this request on behalf of the professor/faculty member. The research funds will be allocated to the faculty research sponsor to help defray the costs associated with the student's research.
