APRIL

Notes: All general body meetings take place in the Agricultural and Biological Engineering Building (ABE) in Room B073.

The MANRRS39 Annual Training Conference is a premier event that our organization participates in as part of our national society. Only select members of MANRRS are provided funding to travel. However, students can use their personal funds to travel to the conference independently.

The Annual End of Year Celebration is a special event where MANRRS recognizes graduating students, honors dedicated members with select awards, expresses gratitude to our sponsors, and, most importantly, celebrates our accomplishments throughout the year. RSVP is required to attend.
