»»» *Do you want to learn more about One Health?* «««

This networking event is an opportunity to learn about what others on campus are doing in the realm of Purdue One Health.

Do you have research which is relevant to the One Health initiative?

Please consider presenting a poster at this event!

One Health is a multidisciplinary initiative, solving the challenges facing our ecosystem and expanding knowledge of animal, human, and environmental well-being. Posters from all colleges are welcome!
