What is Annie’s Project?
Annie’s Project is a 6 week course designed especially for farm women. Sessions will combine lecture, discussion, individual and small group activities, and computer training. Annie’s Project strives to help farm women gain the understanding and knowledge necessary to be active and involved farm partners. Annie’s Project will also help women find new ways to balance the demands of family, community and professionalism within the Ag community. The program is in honor of Annie Fleck, a woman who lived in a small town in Illinois. She spent her lifetime learning how to become a better business partner with her husband.

Host Location
Purdue Extension– Boone County
1300 East 100 South
Lebanon, IN 46052
