

MS Research Assistantship in Forest Resource Marketing and Economics Purdue University

Position Description: One research assistantship at the MS level is available in the area of Forest Resource Marketing and Economics, in the Department of Forestry and Natural Resources, at Purdue University in West Lafayette, Indiana. This position will be funded by a new project aimed at increasing the consumption and production of maple syrup through an integrated marketing strategy, funded by the Acer Access and Development Program of the U.S Department of Agriculture (USDA) Agricultural Marketing Service (AMS). The incumbent is expected to conduct producer and consumer surveys and analyze the data to better understand the supply and demand of maple syrup and maple-sap products in Indiana.

Qualifications: A B.S. in social or natural science is required. Oral/writing proficiency is highly desired.

Application: For prescreening, a pdf file containing the applicant's CV, transcripts, and the contact information of two references should be sent to both email addresses listed below no later than **Dec. 15, 2021, for Spring 2022 admission, and March 31, 2022, for Summer/Fall 2022 admission**. Qualified candidates will be recommended to submit a formal application for admission to the Graduate Program of the Department of Forestry and Natural Resources. Requirements for admission can be found at the following link:
