EA Engineering, Science, and Technology, Inc., PBC is a leading national environmental consulting firm specializing in water resource issues, soil and groundwater remediation, strategic environmental engineering/management, and regulatory compliance solutions. We currently have an excellent opportunity available in the Chicago, IL, area for several, full-time and seasonal biological technicians. Full-time positions will begin from late February through late March. Seasonal positions will begin in May and extend throughout the summer, possibly into the fall. Some positions will involve a combination of field and lab work as well as travel throughout the Midwest; whereas, other positions will consist primarily of processing biological samples in the laboratory.

Candidates must have:
• High school diploma or GED; it is preferred that applicant is pursuing or has obtained a BS degree;
• Valid driver’s license;
• Ability to collect and tabulate biological data and maintain records;
• Ability to demonstrate good work habits, this includes exhibiting initiative, being efficient and reliable;
• Ability to follow and provide direction;
• Ability to work flexible hours with night and weekend hours required occasionally; and
• Ability to work in a team environment;

Also:
• Travel throughout the state and Midwest may be required;
• Knowledge and ability to operate a boat is required for two positions and is preferred, but not required for other positions; and
• Knowledge regarding sorting/processing of biological samples is also preferred, but not required;

Duties to include assisting senior staff with adult and larval fish field sampling programs in the Midwest; processing of adult fish, larval fish, and benthic macroinvertebrate samples in the laboratory; and entry of biological data into spreadsheets or Access databases.
Salary range for these positions is $12/hour to $15/hour.

Interested candidates should apply on line at www.eaest.com (select Careers tab) and refer to job numbers15156.
All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability or protected Veteran status.
