</table>
| Jan 19 | Dr. James Lehman  
Professor, Learning Design & Technology  
Associate Dean for Faculty Development,  
College of Education, Purdue  
Director, Discovery Learning Research Center | Professional Development Series - Tips for successful conference/interview presentations | PFEN 241 |
| Jan 26 | FNR Faculty, Staff and Graduate Students                                     | Professional Development Series - Graduate student research flash talks | PFEN 241 |
| Feb 2  | Dr. Shannon Hackett  
Associate Curator in the Dept. of Zoology, Field Museum                  | The evolution and phylogenetics of avian diversity                     | PFEN 241 |
| Feb 9  | Dr. Alex Wiedenhoeft  
Botanist and anatomist at Center for Wood Anatomy Research, U.S.F.S. Forest Products Laboratory, Madison, WI | Fundamental botanical aspects of wood structure and forest products, and the development of foundational scientific information and applied tools for forensic wood science | PFEN 241 |
| Feb 16 | Dr. Joan Brehm  
Professor of Sociology, Dept. of Sociology and Anthropology, Illinois State University | The role of the residential environment in contributing to non-point source (NPS) pollution, and solutions through the adoption of conservation practices in an urbanizing watershed in Northern Illinois | PFEN 241 |
| Feb 23 | Dr. Michael Steel  
Professor of Biology and Fenner Chair of Research Biology, Wilkes University | Squirrel foraging behaviors and implications for seed dispersal         | PFEN 241 |
| Mar 1  | Dr. Henry Streby  
National Science Foundation Postdoctoral Research Fellow, UC Berkely       | Organismal Ecology with broad research interests in quantitative wildlife population ecology and evolutionary biology | PFEN 241 |
| Mar 8  | Dr. Stephanie Snyder  
Operations Research Analyst, US Forest Service, Northern Research Station | Private landowner decision making about forest use, management and conservation, and related policy implications | PFEN 241 |
| Mar 22 | Dr. Qinfeng Guo  
USDA Forest Service, Research Ecologist                                      | Patterns, processes, and underlying mechanisms of species invasions. The seminar will feature the usage and analysis of extensive datasets compiled through the Forest Service's Forest Inventory and Analysis (FIA) program. | FORS 216 |
| Mar 29 | Dr. Karen Munroe  
Wildlife conservationist/biologist; Baldwin Wallace University, Assistant Professor, Dept. of Biology and Geology | Wildlife ecology, conservation, and incorporation of undergraduate students into research | PFEN 241 |
| Apr 5  | Dr. Henry Quesada  
Industrial Engineer, Associate Professor  
Dept. of Sustainable Biomaterials, Virginia Tech                             | Vocational Training Models in Agroforestry                             | PFEN 241 |
| Apr 19 | Dr. Robin Warne  
Assistant Professor, Dept. of Zoology, Southern Illinois University       | Ecophysiology of stress and ranaviruses                                | PFEN 241 |
