Looking for a Summer Job!!!

Aquatic Ecology Research Assistant Positions in Höök Lab

web.ics.purdue.edu/~thook/

Participate in field sampling in Great Lakes and inland lakes and work to process samples in the laboratory using various methods.

The skills you learn should translate to valuable experience and build your resume! Agency's and graduate programs are frequently looking for people with the skill set you will learn this summer.

If interested, email Jay Beugly at jbeugly@purdue.edu with your availability this summer and resume.
