INTRODUCTION

See agency website [www.ag.ok.gov](http://www.ag.ok.gov) for specific duties of position.

BASIC PURPOSE

Positions in this job family are assigned responsibilities involving professional forestry work in assisting landowners and developing, implementing, or administering forestry conservation and use programs and projects in an assigned district, region, or statewide, as needed.

LEVEL DESCRIPTORS

This job family consists of five levels which are distinguished based on the complexity of assigned duties, the level of expertise required to complete assigned tasks, and the responsibility assigned for providing leadership to others.
Level V:
This is the management level of this job family where employees are assigned responsibilities involving the direction of professional forestry work and programs in a designated region of the state. This includes planning and organizing work to be done, periodically reviewing regional activity and job assignments, providing supervision and training to employees in forest conservation and management, and various administrative tasks such as budget preparation, annual work planning, and overall program administration.

MINIMUM QUALIFICATIONS

Level V:
Education and Experience requirements at this level consist of a bachelor’s degree in forestry from an accredited university and three years of professional forestry experience, or a closely related degree in natural resource management with six or more years of professional forester experience which includes forest management and wildland fire management and two additional year of qualifying experience in a supervisory capacity.

SPECIAL REQUIREMENT

Applicants must be willing and able to fulfill all job-related travel normally associated with this position.

SELECTION PLAN

Scores based on: Qualification Review

***NOTE: Names of eligible applicants can be made available to State agencies upon their request, immediately following the closing date and time.
