Forestry/Timber Procurement Summer Intern-01010782

Description

This internship opportunity is specific to the Weyerhaeuser Wood Products Plant located in Buckhannon, WV. Buckhannon has a state-of-the-art veneer peeling operation and produces both Microllam LVL and Parallam PSL headers, beams and columns.

Key Functions:
This is a developmental assignment designed to give students a valuable learning experience and exposure to a broad base of professional forestry experiences such as normal timber procurement operations including marking boundary, logging contractor support, assisting with timber cruises and after harvest reclamation. The intern will be provided with an individualized work plan, clear expectations as well as performance feedback and mentoring throughout their summer tenure. Intern will be required to prepare a presentation to site leadership team at the end of the internship outlining their learning experiences.

Qualifications

Requirements:
- Must be enrolled in a forestry resource management field of study
- Minimum Sophomore standing
- Demonstrate strong academic achievement
- Ability to exercise good judgment and committed to continuous focus on safe work practices
- Excellent communication skills (oral and written)
- Motivated, self-starter and positive attitude
- High integrity and strong work ethic
- Willing to work in the woods and to accept an assignment in a rural area
- Provide own transportation daily to a designated site
- Pass pre-employment drug test required of all Weyerhaeuser employees

About Wood Products
Serving the residential, multi-family and light commercial markets, our Wood Products businesses manufacture a wide range of structural framing materials and provides seamless building solutions, from design to installation to support. These teams move fast, work smart and never stop pushing to be and stay number one in the industry.
About Weyerhaeuser
We grow trees and make forest products that improve lives in fundamental ways. Our wood products are used to build homes, where families are sheltered and raised. Our cellulose fibers are used to make diapers and other hygiene products that keep people clean and healthy. We innovate to use trees in products you may not expect, such as fabric, plastics and energy. At Weyerhaeuser, we’re working together to be the world’s premier timber, land, and forest products company.

*Weyerhaeuser is an equal opportunity employer. We are committed to taking affirmative action to employ and advance in employment women, minorities, qualified individuals with disabilities and protected veterans.
