

38TH ASEPTIC: PROCESSING AND PACKAGING WORKSHOP
ONLINE WITH LIVE INSTRUCTION | MAY 10-13, 2021
10:00 AM TO 4:00 PM ET
[REGISTRATION](#)

About the Workshop: **Aseptic Processing and Packing Workshop** is for food processors that are currently processing or are thinking of processing foods aseptically. The workshop is designed to give individuals the basic knowledge involved in the development and operation of aseptic systems. The course is appropriate for food scientists, food and packaging engineers, microbiologists, chemists, and anyone wanting in-depth knowledge of aseptic food processing and packaging.

Lecture Topics

Microbiological Principles in Aseptic Processing
Chemical Considerations of Aseptic Processing
Aseptic Packaging Technology
Principles of Thermal Processing
Quality Assurance and FDA Regulations
Thermal Process Calculations
Sanitation and Problem-solving Exercise

Lab Demonstrations

Packaging
Chemistry
Microbiology
Engineering Concepts
Equipment Features

Registration: The fee for this course is \$1875 and includes course materials. Enrollment is limited to 72 participants; therefore, advanced registration is required through credit card payment. The registration deadline is **April 19, 2021**.

Agenda and Location: Workshop time 10:00 am to 4:00 pm EST daily. The program will be hosted online live with Instructors from Purdue University Food Science department and the Food and Drug Administration. The meeting will be hosted through Zoom and the links for this event will be sent to the email used during registration.

Refund Policy: Pre-registrations may be canceled and the pre-paid fee refunded at no cost to the registrant, provided notification is received in writing or by telephone (followed by written notification) on or before **April 9, 2021**. For the complete refund policy go to the registration site for more details.
