

VALIDATION WORKSHOP: ASEPTIC PROCESSING AND FILLING

JUNE 21-24, 2021

ONLINE WITH LIVE INSTRUCTION

[REGISTRATION](#)

About the Program

Validation Workshop: Aseptic Processing and Filling is designed for food processors that are already producing aseptic shelf-stable products or installing new commercial lines for future production needs. The workshop will provide insights into key aspects of validation and hands-on exercises with validation methods. Validation workshop will be helpful and suitable for process authorities, food and packaging engineers, microbiologists and those involved with the validation process at your facility.

Registration

The introductory fee for the Validation Workshop: Aseptic Processing and Filling is \$2500.00 Advanced registration is required. The **registration deadline June 11, 2021**. International attendees the deadline is **registration deadline June 2, 2021**. Credit card information must be entered at the end of registration to complete your enrollment. If you need to pay by check, please contact Amanda Johnson at john2145@purdue.edu OR Phone: (765) 494-0874 or (866) 515-0023.

Location and Time Zone

The workshop is hosted online, with live instruction and hosted by Purdue Extension, Food Science Faculty and a speaker from the Food and Drug Association (FDA). The workshop will be on Eastern Standard Time (EST).

Highlights of Topics

Lectures

Aseptic 101
Master Validation Plan (MVP/DQ/IQ/OQ/PQ/CIP)
Regulations- FDA Perspective
Spoilage Investigation
Validation of UHT and A-Tank
Filler Sterilization Validation
Kinetics of Spores
Sterile Barriers Design and Validation
Filler Pre-sterilization
Use of Model in Validation

Mock FDA Filing
Validation Results Review Session
Post Process Incubation and Testing

Laboratory Content

Inoculated Pack Aseptic System
Filler Pre-sterilization
Spot Inoculation/Spore Strips
Aseptic Tank Temperature Distribution

Topics are subject to change
