

One Health & Digital Technologies

Sponsored by: The Purdue Institute for Digital and Advanced Agricultural Systems (IDAAS) & Purdue College of Veterinary Medicine

November 4th
10:00 AM - 3:30 PM
Dean's Auditorium
PFEN 241

Event Scheduled Highlights

Throughout the day, you can look forward to:

- Registration, coffee, and networking time
- Opening remarks and a welcome overview of OneHealth priority areas
- An industry keynote on challenges and opportunities in OneHealth
- Interactive “speed networking” using keyword cards to spark collaborations
- **Breakout sessions focused on:**
 - Grown with Precision, Designed for Health
 - Disease Modeling, Analytics & Surveillance
 - Novel Diagnostics, Therapeutics & Devices
- Dedicated time to begin white paper/proposal preparation
- Session reports and identification of next steps

Event Goals

- Build networks within Purdue and with industry partners on OneHealth challenges.
- Develop 3 white papers outlining strategies for Purdue + industry collaboration.
- Form teams to compete for \$15K seed funding (with potential to scale to \$150K).

Join us for a dynamic day exploring the intersection of OneHealth and digital technologies, explicitly organized by the **Purdue Institute for Digital and Advanced Agricultural Systems (IDAAS)** and the **Purdue College of Veterinary Medicine**. This event will bring together Purdue faculty, students, and industry partners to collaborate, exchange ideas, and shape the future of health, agriculture, and technology.
