The four associate deans and assistant dean for multicultural programs will be permanent members of the committee, with one serving as rotating chair. The Dean will name four members of the faculty, each to serve a three-year term. If a faculty member on the committee is part of a team that has been nominated, that member will abstain from voting on the nominations.

The award will be presented at a special ceremony in May. The team is asked to give a 15-20 minute presentation describing their work at the ceremony. Each member of the team will be recognized with an award and a team plaque will be placed on a permanent display in the Agricultural Administration Building. The team will be awarded \$10,000 to be used for program support.
