

FARM CREDIT MID-AMERICA SCHOLARS 2021

Farm Credit Mid-America is again excited to host the **FARM CREDIT MID-AMERICA SCHOLARS** in 2021. This program awards \$5,000 in scholarship support over a two year period. It has built-in leadership and financial development workshops as well. We're looking for the next generation of leaders – leaders who want to make a difference in the field of agriculture - to be members of our 2021-22 cohort. The typical candidate is a rising sophomore or rising junior in the fall of 2021, pursuing a degree in agriculture from a university within our four state footprint (IN, OH, KY and TN). A minimum GPA of 3.0 is required.

We also offer \$1,500 scholarships to students attending accredited two- or four-year colleges, universities or vocational/trade schools. Recipients of our **CUSTOMER AGRICULTURAL SCHOLARSHIP** must be children or grandchildren of Farm Credit Mid-America customers pursuing careers supporting the agricultural industry.

Students must have an Agricultural major. The application can be found on our website - [click here](#). Deadline to apply is **December 31, 2020**.

Over the last decade, Farm Credit Mid-America has awarded more than \$2 million in financial and educational support to deserving students pursuing careers that promote agriculture. We are very appreciative of your support to help us grow the impact this scholarship can make on the next generation of agricultural leaders.

Anyone with question about the scholarship program may contact Randy Barbee, by email or cell (randy.barbee@e-farmcredit.com; 502-494-5713).
