Submission Guidelines

Applicants must be an Indiana resident whose family is actively involved in the beef industry and are current members of IBCA. In addition, applicants must be existing college students or high school seniors who plan to major in agriculture at a state university.

Applicants must submit a written essay entitled:

- “With higher demands for protein rich diets across developing nations and more countries entering the global beef industry, how will the US beef industry increase or maintain its share of the global beef market?”

The Indiana Beef Cattle Association will administer the program, judge the essays and select the winners. The winning essay will be determined on the basis of clarity of expression, persuasiveness, originality and relevance of the topic.

All applications must be postmarked no later than May 31, 2016. The recipient will be announced in July, 2016. Place the essay and the completed application form in a single envelope and mail to:
