Aberdeen Farms
Summer Internship
Aberdeen Farms is looking for summer interns. Their operation includes successfully growing and maintaining small-scale row crops, garden/specialty crops, and fruit trees. The responsibilities might include supporting the start of CSA program, stocking a farm store, and working with volunteers. He/she should thrive being outside most of the time, working in a labor intensive position, but also be able to plan out the season, manage farm assets, and engage community members & volunteers with a warm demeanor.

Interested applicants – please send your resume to: Aberdeen Info info@aberdeenliving.com
