Help Needed

The Ag Alumni Seed popcorn research department in Romney, Indiana is seeking winter help.

Students will have the opportunity to work with the Ag Alumni Seed research group and assist with popcorn research. This position would consist of shelling popcorn research plots, testing popping expansion of popcorn hybrids, counting trial seed and organizing trial seed. Attention to detail is crucial in this position. Flexible working hours to accommodate class schedules.

Interested students can email a resume to Kyle Bird at kyle@agalumniseed.com or apply in person to:
