We are currently seeking candidates for our 2018 internship program!

Who: Undergraduate students pursuing a degree in agriculture
When: Our interns typically start in early May and stay with us through early to mid August
Where: Buckeye Ag Testing is located in Troy, Ohio – housing options are available if needed

About Our Internship Program:
• We offer a hands-on, educational experience in conducting field research
• Interns have the opportunity to learn about many facets of agriculture, including...
  • Agronomy
  • Current products being used and tested in crop production
  • Research trial execution – planting, spraying, seed treatment, soil and plant sampling, data collection
  • Interacting with ag industry leaders
• Develop leadership and interpersonal skills

How to Apply: Send a cover letter and resume to interns@buckeyeagtesting.com
