Hiring for Centrally Managed Animal Facilities (CMAF) on West Lafayette Campus

The CMAFs on the West Lafayette campus are recruiting for a number of students to work directly with animals and provide coverage in the facilities INCLUDING WEEKENDS AND HOLIDAYS.

Student Animal Care Technicians job entails:
- Work with a variety of species depending on location.
  - Location 1: Mice/Rats/Frogs
  - Location 2: Mice/Rats/Chinchilla/Pigs/Poultry
  - Location 3: Large assortment of animals from mice thru horses
- Technicians will learn daily checks of species (cage cleanliness, health of animals, feed and water levels) and learn reporting of health issues, cage or stall cleaning, maintaining the animal rooms and facilities
- Technicians will learn working with cage wash equipment (rack washer/autoclave) and about sanitization in the facilities

After students have completed training and been signed off, they will work alone or in groups to complete work assigned to them and cover weekends and holidays. **NOTE: winter and spring break availability are also included in this.**

**Salary:** Starting Pay is 8.50$/Hr. Increases are .25 every 6 months (worked time).

Requirements:
- **Ability to work weekends and holidays on a rotating basis**
- **Ability to communicate effectively** with assorted staff including PI/Research staff, co-workers, Supervisors, Manager, Vet Staff
- Detail orientated and able to pick up work quickly
- **RELIABLE, DEDICATED,** committed to working in our team
- 2-4 hour blocks of time available in the window of 6 AM to 2:30 PM (Regular staff schedule) during the week.

If interested, please send resume, class schedule and # of hours you would like to work to cmafsupervisors@purdue.edu. Resumes and class schedule will be reviewed and applicants will be selected for interviews.

Note: We rely on our student staff to provide extra labor for completing the DAILY tasks that need to be done so we need reliable, dedicated students to ensure consistent care for our colonies.
