

April 2021

Customer Service Intern Position.

Harvest Tec is a growing Agricultural business just 20 miles east of the St. Paul, MN located in Hudson WI. We design, manufacture, and service custom sprayers and moisture testers for the forage equipment industry which are sold to John Deere, CNH, AGCO, Vermeer, Krone and Kubota. We are looking to hire an energetic self-motivated individual that has good verbal and written communications skills for this summer. Responsibilities include:

- Learning current and past product lines
- Phone interaction with customers and dealers,
- Identify problems and come up with solutions
- Supporting inside and outside sales
- Data entry into the company's SAP and EDI systems

If you are analytical, continuously like to learn, and have a passion for Agriculture we would like to have you as part of our team.

\$17 per hour

Please send your resume to: Kstehr@Harvesttec.com or contact me at 1-800-635-4768 ext 214 for more information.
